INSIGHT™

WEARABLE EQUIPMENT SOLUTION

Keeping up with today's newest technologies demands an easy, versatile solution. That's why Horace Small™ invented the Insight™, wearable equipment solution. A patent-pending wearable technology that allows custom placement on uniform shirts. It's simple, easy and compatible with most uniform styles and brands. Made from 100% polyester for both men's and women's uniforms, the Insight fits most wearable camera brands and models. Manage your technology - cameras, microphones, cell phones and more - with one versatile solution.

- Easy-To-Attach, Easy-To-Adjust Custom Placement
- Sold in Pairs So You Always Have A Back Up
- Compatible With Most Uniform Brands
- Works for All Body Types and Heights
- Designed for Rigorous on the Job Performance
- Durably Constructed
- Reinforced & Secure
- Patent-Pending

INSIGHT™
